

A/T SLC™ DIGITAL VIDEO CAMERA SYSTEM

Looking for Resolution?

If superior resolution is what you are looking for in a digital video camera system, then look no more.

The A/T SLC captures crisp, clear images with excellent detail, providing you with the right tool for earliest diagnosis, patient education and case acceptance.

A/T SLC Takes imaging to a Higher Level

A/T SLC™ DIGITAL VIDEO CAMERA SYSTEM

High Resolution

A new high resolution CCD sensor enables you to capture clearer, crisper images with less noise.

Convenient Operation

Lightweight and ergonomically designed, A/T SLC features a remote control for convenient operation. The optional Port Replicator enables you to transport the A/T SLC throughout your practice, without having to fumble with connections. System includes a 6 foot umbilical; optional 9 foot umbilical is available for added flexibility.

Faster Data Transmission with USB 2.0

Air Techniques now offers A/T SLC with a USB 2.0 connection. USB 2.0 offers a 10x higher rate of data transmission compared to USB 1. The results are high-resolution, full screen images without fault.

Intraoral and Extraoral Imaging

The fixed-focus, intraoral lens with a range of 6mm to 50mm captures extreme close-ups, detailing a section of a single tooth to an entire arch. The portrait lens is easily adjustable between 4" to infinity, eliminating the fishbowl effect.

Specifications

CAMERA

Electrical:	120V, 60Hz
Dimensions:	9.8"W x 3.5"H x 8.0"D
Weight:	5.5 lbs
Resolution:	470 Horizontal TV lines
Color System:	NTSC
White Balance:	Factory set

HANDPIECE

Dimensions:	7" Length
Diameter:	9mm
Cable Length:	6' (optional available in 9')

Computer Configurations

A/T SLC PN A3100U (with USB 2.0)

Outputs: Composite Video (RCA), 2 independent S-Video, (4 Pin Mini DIN), USB 2.0

Computer Capture Requirements: USB 2.0 Port required

A/T SLC PN A3100

Outputs: Composite Video (RCA), 2 independent S-Video, (4 Pin Mini DIN)

Computer Capture Requirements: PCI Capture Card required

Computer Requirements

CPU Speed:	2 GHz Pentium III
Operating System:	Refer to software manufacturer's requirements.
RAM:	512 MB
Hard Drive:	40 GB
CD ROM Drive:	48x
Monitor:	SVGA 17" (1024 x 768 Resolution)
Video Display Adapter:	32 MB RAM
Keyboard/Mouse:	Standard
External Surge Protector:	Recommend
Printer:	Optional

Foot Switch

Port Replicator
